

Legal Notice Public Hearing

The Belgrave Water Pollution Control District ("District") will hold a public hearing on Wednesday, October 1, 2014, 7:00 p.m., at Manhasset-Lakeville Fire Department Company No. 4 Firehouse, northwest intersection of Northern Boulevard and Jayson Avenue, Great Neck, New York, to consider undertaking and financing the replacement of the existing outfall pipe and installation of an effluent pumping station at the District's wastewater treatment plant.

The estimated total cost for the Project is \$11,640,000, including construction costs plus contingency, engineering costs for design and project oversight, and legal and other fees. The Project is eligible for New York State Environmental Facilities Corporation ("EFC") grants and low-interest financing, which the District is actively pursuing. The District plans to seek alternate project financing through the issuance by the Town of North Hempstead, on behalf of the District, of serial bonds and bond anticipation notes, in an estimated maximum principal amount of \$11,640,000, some or all of which may not be needed to the extent of available EFC financing.

Those unable to attend may submit written comments to Belgrave Water Pollution Control District, P.O. Box 408, Great Neck, New York 11022, Attention: Superintendent Steban.

At said hearing all parties expressing an interest will be given an opportunity to be heard. Persons who may suffer from a disability which would prevent them from participating in said hearing should notify Chet Steban, Superintendent, at the District office, (516) 487-2759, in sufficient time to permit such arrangements to be made to enable such persons to participate in said hearing.

Board of Commissioners, BWPCD

Elizabeth Louise Feaster, *Chairperson*

Brian J. Levings, *Treasurer*

John Dolan, *Secretary*
